

Imagine
this

Aetna® Virtual Primary Care

powered by Teladoc®

You no longer have to wait for primary care that flexes around you. It's here.

Remember having to travel to see a doctor?
Or sitting in the waiting room for your appointment?

Yes, we do too. And we know what a hassle it can be. That's why we've reimagined how you can get primary care.

A new way

With Aetna® Virtual Primary Care powered by Teladoc®, you can connect with a dedicated virtual care provider with little cost and no wait. And if you need in-person care, you can get that, too.

No fuss, no wait — all on your terms.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).

Aetna® and MinuteClinic, LLC (which either operates or provides certain management support services to MinuteClinic®-branded walk-in clinics) are both within the CVS Health® family.

Teladoc® is not available to all members. Teladoc and Teladoc physicians are independent contractors and are not agents of Aetna. Visit [Teladoc.com/Aetna](https://www.teladoc.com/Aetna) for a complete description of the limitations of Teladoc services. Teladoc, Teladoc Health and the Teladoc Health logo are registered trademarks of Teladoc Health, Inc.

**The future of
primary care is here.**

**Connect with care right where
you are, when you need it.**

Care your way

Convenient and flexible

Choose virtual or in-person care.

See a virtual care provider in five days or sooner, with an initial visit that's 30–45 minutes.

Get no or low-cost preventive and in-person care through the MinuteClinic® at a CVS® location, including those in CVS® HealthHUB™ locations.*

Designed around you

Choose a virtual care provider who can get to know your unique needs.

Have the support of a dedicated care team that knows you and your health goals.

At your fingertips

Call or in-app message your care team anytime, and hear from them within 24 hours.

With your consent, your care team will centralize your medical records for you, so you can easily access them.
